## MY Diary

To day is Saturday. Gary is going to take me to Hendon in London ~~where~~<sup>h</sup> all the war machines and aeroplanes are. When we got there it was sunny. We went in and you did not have to pay. It was free. So we went in. It was very big and it was very cold. There was no guide so we went round on our own. There was a big selection of bombs on a table. We looked round them. And then went over to the aeroplanes. They were very big. One of them had to have its wheels taken off to fit in the hanger. We went round a bit more and we saw an old tank from the army. It had a big gun on it. It was from the first world ~~war~~<sup>r</sup> war. Next we saw an old army hut which men lived in. It was all green and it had some dummies in it. They were all dressed up in some army clothes. In side the hut you could see some guns and five beds, some steel hats and a life. When we came out it was raining. We got in the car and drove off home. It took one hour.

Interesting but sentences!
